## Lindsay Gibson Speech Pathologist

**Lindsay** is trained as a speech pathologist and audiologist in South Africa and worked in schools for 15 years before moving to Australia in 2016. She has extensive experience working with pre-schoolers and school-aged children, developing their language skills, improving their speech, and reinforcing their written language.

Lindsay completed training in Sounds-Write, a Systematic Synthetic Phonics program, which is based in the Science of Reading and has a rigorous evidence base.

Lindsay has a very personal and special interest in Autism and neurodiverse affirming practice and is embarking on a journey in developing Animal Assisted Therapy programs with her gorgeous Golden Retriever, Bekkie.

Lindsay works with children who need help with:

- Articulation
- Phonemic Awareness, Spelling and Reading
- Language delay (late talkers) and Developmental Language Disorder
- Stuttering
- Advocating and supporting children who are Neurodivergent (e.g. Autistic and those that have ADD/ADHD)

### TERTIARY QUALIFICATIONS

- Bachelor of Arts (Hons) Speech and Hearing Therapy
- Certified Practising Speech Pathologist, Member of Speech Pathology Australia (CPSP, MSPA)
- Sounds-Write Practitioner
